Ref. Memorial Hall

Monday 21st November 2016

Thankyou for giving me the opportunity to provide you with a Quote for the installation of the data projector to the following specification:

- Install electric projector screen, with either remote control or wall switch, the quoted screen is 3495mm x 2621mm, manufactured by Sapphire
- Install steelwork and bracing to existing steelwork to support weight of screen
- Install Optoma ML750E AV projector on ceiling bracket, with safety cage
- A retractable projector mount is available at a cost of approximately £2000
- Install a connection plate for projector beside existing AV rack, the plate contains RCA, HDMI, VGA and USB connectors and is cabled directly to the projector
- Supply and install Denon DN500 Blu Ray/DVD player in hardwearing flight case
- Supply audio connection from wall plate to existing mixer/PA system
- Install mains supply to projector and screen, from new dedicated RCD protected consumer unit

The total cost for these works will be £3561.47 including all materials and labour

All work will be undertaken in accordance with BS7671:2008, the Seventeenth Edition of the IET Wiring Regulations, amended to January 2011. Where necessary, work will be notified to the relevant regulatory authority and the relevant test and installation certification will be issued on completion of the works.

If you have any queries regarding this quotation then please feel free to contact me

I look forward to hearing from you

Yours Sincerely

James Elliott
