WHY A JOINT COUNCIL?

When Parish Councils were created in the 1890's, Henley was a ward of Wootton Wawen Parish Council because it was originally part of the Manor of Wootton, and was at that time, still part of the ecclesiastical parish of Wootton. Henley later became a separate ecclesiastical parish in 1914 and joined with Beaudesert in 1915. Beaudesert had always been a separate Manor to Henley.

In 1954 The Court Leet had suggested that Henley combine with Beaudesert to become a parish council, but Beaudesert were keen to retain their independence and they formed a separate Parish Council in 1955.

Henley was finally able to separate from Wootton and create their own Parish Council in 1957 despite opposition by Beaudesert Parish Council who felt threatened by its creation.

An Annual assembly in 1975 discussed the idea of creating a grouping order to form a Joint Parish Council and this was successful, because both parishes retained their own identity. The first Joint Parish Council meeting was held in 1976.

Over 125 years ago Joseph Crouch wrote -

"Henley is a quiet Warwickshire village or township. Joining on to it is a still smaller hamlet... apparently forming part of Henley, but in reality a distinct parish and a place of much greater antiquity. In fact this little hamlet of Beaudesert is the foster father of Henley."

STANDING ORDERS

An organisation, whether it be commercial or local government, requires a framework of rules on how they should conduct their day to day business. Beaudesert & Henley in Arden Joint Parish Council is a legal entity, it represents the residents of Beaudesert & Henley in Arden, it **MUST** have stringent rules concerning the welfare of the community and the management and investment of the revenue collected from the residents. This section covers the protocols that underly this framework.

Councillors

When elected or co-opted on to the JPC, a new Councillor is required to sign a **Declaration of Acceptance of Office**, in the presence of the Clerk of the Council or, a Councillor, specifically designated by the Council for this purpose. They will also be required to complete and sign a **Declaration of Personal Interest** [Pecuniary Interests] which is sent to the Stratford District Council [SDC] Monitoring Officer and held on file for the duration of their engagement with the Council. Any changes in their circumstances likely to have an impact on their judgement in council affairs must be advised to the Clerk. A Councillor is expected to serve a full term in office, which is normally four years duration. Elections are normally held on the first Thursday in May. Candidates who incur costs in mounting their campaign, can claim by submitting an expenditure return document to SDC.

All Councillors will observe the **Code of Conduct** [page 24] at all times when on Council business and no member will act in such a way that will bring the Council into disrepute, behave offensively in meetings, or obstruct the Council's business.

The **Code of Conduct** adopted by the Council will define

when a Councillor will declare a personal or prejudicial interest in an item for discussion at a Council meeting. The Councillor will declare that interest and the nature of that interest at the earliest opportunity. Upon notification by SDC that a Cllr with voting rights has breached the Council's **Code of Conduct**, the Council shall consider what, if any, action to take against him/her.

Responsibility for declaring a personal interest and deciding what action to take as a result of the declaration is **solely a matter for the individual councillor**; it is not the duty of a Clerk, the Chairman of the meeting or any other councillor. The fact that the councillor makes a declaration at the start of the meeting is imperative. Once declared, a councillor needs to decide what action to take. For example, in the case of a councillor living in close proximity to the planning application site, this can **only lead to one outcome** - do not participate at all in the decision, and furthermore do not try to influence the decision in your role as a councillor.

A Councillor (or a non-councillor with voting rights) who has a disclosable pecuniary interest or another interest as set out in the Council's **Code of Conduct** in a matter to be considered at a meeting is subject to statutory limitations or restrictions under the Code on his/her right to participate and vote on that matter. Dispensation requests shall be in writing and submitted to the Proper Officer as soon as possible before the meeting, or failing that, at the start of the meeting for which the dispensation is required. A dispensation may be granted at a meeting of the Council if the following applies without the dispensation the number of persons prohibited from participating in the meeting would be so great a proportion that it would impede the transaction; or it is in the interests of persons living in the council's area; or it is appropriate to grant a dispensation The proper officer will make that decision and that decision will be final.

Meetings

PREAMBLE:

At the time of publishing this handbook, the UK was under strict regulations imposed by the Covid-19 outbreak. Meetings were allowed to be conducted online using interactive conferencing. Members of the public were asked to email the Clerk if they wished to be part of any public meeting. A firm protocol will be included in this handbook when HM Gov. provide clear and precise methodology after the crisis. The JPC will continue to monitor ongoing national guidance.

Meetings will be held in appropriate, accessible accommodation. Unless no other accommodation is available the meetings **will not be held in premises used for the supply of alcohol**. Councillors are requested not to consume, or to have consumed alcohol, prior to/during any meeting, in order **to obviate the risk of misrepresentation or poor judgement in the decision-making process**. Any transgressions must be reported to the Chair or Clerk.

An agreed frequency of meetings will be decided at the **Annual Meeting** and Councillors will be advised of the meetings by the issue of a summons and agenda delivered by post, email or by hand. The Chair, in consultation with the Vice Chair, may if they deem it necessary, alter the date or time of any ordinary meeting of the Council, subject to a minimum of **five** clear business days' notice for Annual meetings and three clear business days in the case of other meetings. A summons sent electronically shall contain an electronic signature of the person issuing the summons.

Public notices will be posted in conspicuous places informing members of the public of the venue, time, date, and business to be transacted at the meeting. This duty may be withdrawn in times of a pandemic or any other situation which imposes restrictions on movement of the public.

The Chair may convene **extraordinary** meetings provided that the agenda for such meetings is published at the time the meeting is called. The same notice will be given as for an ordinary meeting. The chairman will sign the meeting notice.

If the Chair refuses to call an extraordinary meeting of the Council after a requisition for that purpose, signed by two members of the Council, has been presented to them, or if, without so refusing, the Chair does not call an **extraordinary meeting** within **seven days** after such a requisition has been presented to him, any two members of the Council, on that refusal or on the expiration of those seven days, as the case may be, may forthwith convene an extraordinary meeting of the Council.

Meetings will be open to the public and press and open to audio or video recording but the public and the press may be temporarily excluded from the meeting and recording ended if the business is regarded as confidential. The use of recording equipment is dealt with in more detail later in this publication.

An opportunity for public questions and comment will be made available immediately before the commencement of each Council meeting, subject to a **maximum of 15 minutes in total** unless the Chairman determines otherwise. A question shall not require a response at the meeting. The chairman of the meeting may direct that a **written or oral** response be given at a later date.

Members of the public may speak at Council meetings at the discretion of the Chairman of the meeting. Mobile phones should be switched off or set to silent mode. Reasonable arrangements will be made to accommodate members of the press.

The Clerk, Chair and Vice Chair will agree the agenda for the meeting as appropriate. The agenda will always include an item to enable Councillors to declare interests. Each substantive item on the agenda will have an explanatory report attached to it.

The Council may **only take decisions on items clearly specified on the agenda**. If agreed by the Chairman, any urgent items that are not on the agenda may be discussed, but **no decision may be made**, at that meeting except for the following:

- to correct an inaccuracy in previous meeting minutes.
- to defer consideration of a motion.
- to refer a motion for investigation by an existing working group.
- to appoint a person to preside at a meeting.
- to change the order of business on the agenda.
- to proceed to next business on the agenda.
- to require a written report.
- to exclude the public and press from a meeting in respect of a confidential item or sensitive information prejudicial to the public interest.
- to not hear further from a Councillor or member of the public.
- to exclude a Councillor or member of the public for disorderly conduct.
- to temporarily suspend the meeting.
- to suspend a Standing Order unless it reflects a mandatory statutory requirement.
- to adjourn the meeting.
- to close a meeting.

The Chair of the council will preside at the meeting and will be responsible for the conduct of that meeting. If the Chairman is not present then the Vice-Chair will preside. If neither the Chair nor the Vice-Chair is present then the first matter on the agenda will be the election of an appropriate

Councillor who will chair the meeting. Whomever chairs the meeting will assume the duties of the Chair for the meeting.

Subject to Standing Orders which indicate otherwise, anything authorised or required to be done, by to or before the Chair may in his absence be done by, to or before the Vice Chair.

The quorum for the Council will be **four members**, or **one third of the total Councillor members** (excluding those that are debarred by reason of a declared prejudicial interest), whichever is greater. If there are insufficient Councillors present then no business will be transacted, and a fresh notice will be issued to reconvene the meeting at a later date.

If at any time during the meeting it ceases to be quorate then the meeting will be adjourned, and any further business carried forward to a subsequent meeting. [*Inquorate*]

Voting at the meeting shall be by a show of hands unless a **majority of Councillors wants a ballot**. Only the proposer and seconder will be recorded in the minutes unless a Councillor requests that their vote is noted. A Councillor may also request that the Clerk records how each Councillor has voted, including abstentions. Any request of this nature will be made before moving on to the next business.

In cases of equal or tied voting, the Chair (or other person presiding) will have a second or casting vote (even if they did not give an original vote).

A **minute** of the meeting will be kept by the Clerk or other nominated person in the Clerk's absence. The minutes, which are circulated, will be draft minutes until the Council at their next or a subsequent meeting approves them, and the minutes are signed by the person presiding at that meeting. Minute numbers should be recorded for future reference.

With regard to any matter if there is a personal interest a statement can be made to the Council meeting but then the person must leave the meeting while discussions take place.

If a Councillor is not able to attend a meeting then apologies will be given to the Chair or the Vice Chair, who will relay these to the Parish Clerk.

The Clerk shall set out in the **summons for every meeting** of the Council all motions of which notice has been given by Council members, unless the proposed motion is legally improper or the member giving such notice indicates, in writing that he proposes to move it at a later meeting, or has since withdrawn it in writing.

If the Annual Meeting is in an election year it must be held within 14 days after that election. If it is not an election year then the **Annual Meeting** will take place on an appropriate day in May. There must be a **minimum of FOUR** meetings per annum. There are TWO statutory meetings which must take place each year, the **Parish Annual Assembly**, normally held in April and the **Annual Council** meeting, normally held in May.

If the outgoing Chair is available, they will preside at the Annual Meeting until a new Chair has been elected. The first business of the Annual Meeting will be the election of the Chair (and Vice Chair if appropriate) save for in an election year when members must first sign their **Declaration of Acceptance of Office**. The election of the Chair shall be conducted by the outgoing Chair, or in their absence, a nominated Councillor.

During the election of the Chair and Vice Chair, in the case of an equality of votes, the person presiding at the Annual Meeting would have ceased to be a member of the Council, but for the statutory provisions which preserve the membership of the Chair and the Vice Chair until the end of their term of office, they may not have an original vote in an election of the Chair.

The retiring Chair will re[port on the activities of the Council for the preceding year. The Vice Chair shall be elected **annually** by the Councillors and the election of the Vice Chair will be the business transacted at the Annual Meeting, immediately after the election of the Chair.

SECTION B

CODE OF CONDUCT

Members of the JPC are the elected representatives of the people within **Beaudesert & Henley-in-Arden Parishes**, and they take decisions on their behalf. The purpose of this code of conduct is to set out the standards of conduct expected of members when carrying out their duties and to demonstrate to the public the standards of conduct they can expect from their elected representatives. This code applies to members of the Council whenever they are carrying out their official duties as an elected representative of the JPC. Although, in line with the Localism Act 2011 this code only applies to members when they are carrying out their official duties nevertheless the Council expects its members to uphold high standards of conduct at all times in order to uphold the reputation of the Council and the office to which they have been elected. All holders of public office must uphold the seven principles of public life and these principles underpin and inform the JPC code of conduct. The seven principles, often referred to as the Nolan Principles - [\[https://www.leadinggovernance.com/blog/nolan-principles-20-years\]](https://www.leadinggovernance.com/blog/nolan-principles-20-years) are:

Selflessness – Holders of public office should act solely in terms of the public interest.

Integrity – Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

Objectivity – Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability – Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness – Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty – Holders of public office should be truthful.

Leadership – Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

The Code of Conduct

A. Behaviour

1. Do not treat others with disrespect.
2. Do not use your position as a member of the Council for personal financial gain.

BEAUDESERT & HENLEY IN ARDEN JOINT PARISH COUNCIL EQUALITY & DIVERSITY POLICY

Introduction

Beaudesert and Henley Joint Parish Council recognises that its functions at a fundamental level of democracy and that its services affect, both directly and indirectly, the lives of all those who work for the Council and all those who visit the Council's various landholdings and properties. The Parish Council will seek to ensure that no-one is disadvantaged by the application of other conditions or requirements which cannot be shown to be justified. In doing so, the Council will strive to work within its resources and the appropriate legislative framework.

The Parish Council acknowledges that it has a role in the pursuit of opportunity for all and it seeks to work within the context of the Equality Act 2010.

The Parish Council acknowledges that certain groups and individuals within society are discriminated against and wishes to declare its commitment to working towards equality in employment and via the delivery of its services. In particular, the Council will work to combat discrimination and to ensure that prospective and present employees and those who may wish to work for any of its services are not treated less favourably on the following grounds which are the identified Protected Characteristics as identified in the Equality Act.

The Protected Characteristics are –

- Age
- Disability
- Gender Reassignment
- Race
- Religion or Belief

- Sex
- Sexual Orientation
- Marriage and Civil Partnership
- Pregnancy and Maternity.

Age:

Individuals of any age or apparent age are protected from discrimination. Less favourable treatment of a person because of age is not lawful. From 6th April 2011, retirement of an employee constitutes age discrimination unless it can be justified as a proportionate means of achieving a legitimate aim. There are some key exemptions: minimum wage levels, benefits of service provisions – such as holiday entitlement and statutory redundancy Pay.

Disability:

Section 6 and Schedule 1 to the 2010 Act relates – a person is disabled if they have a physical or mental impairment which has a substantial and long-term adverse effect on their ability to carry out normal day to day activities (for example using a telephone, walking, lifting, and reading). An impairment is long-term if –

- It has lasted for at least 12 months,
- It is likely to last for at least twelve months, or
- It is likely to last for the rest of the life of the person affected.

The Equality Act 2010 (Disability) Regulations 2010 (the 2010 Regulations), issued pursuant to the 2010 Act came into force on 1 October 2010. The 2010 Regulations confirm that those certified as blind, severely sight impaired, partially sighted, or sight impaired by a consultant ophthalmologist will be deemed to have a disability.

They also confirm that persons with cancer, HIV infection or multiple sclerosis are deemed to have a disability.

The 2010 Regulations confirm a number of exemptions of groups of people who do not fall within the category of disabled. These include, for example, people suffering from an addiction to alcohol or nicotine. Notably pursuant to section 13 (3) of the 2010 Act, if a person (e.g. an employer or a service provider) treats a disabled person **more favourably** than a non-disabled person, this does not constitute direct discrimination.

The Equality Act 2010 protects disabled persons from discrimination; this includes a duty on employers to make reasonable workplace adjustments to prevent disabled employees and job applicants from being placed at a disadvantage compared to non-disabled people. An example of a reasonable adjustment may be a special type of chair for a disabled employee with a back condition.

The Parish Council, as the Employer, has a duty to make reasonable adjustments but can decline to make adjustments that it considers to be unreasonable, viz:

- Will the proposed adjustment resolve the problem?
- Is it a practical solution?
- How much will the overall cost be in making the change and is it affordable?

These reasonable adjustments may include some of the following:

- Making adjustments to premises.

For example, structural or other physical changes such as: widening a doorway, providing a ramp or moving furniture for a wheelchair user; relocating light switches, door handles or shelves for someone who has difficulty in reaching; providing appropriate contrast in décor to help the safe mobility of a visually impaired person.

- Altering the person's working hours.

This could, for example, include allowing the disabled person to work flexible hours to enable additional breaks to overcome fatigue arising from the disability, or changing the disabled person's hours to fit with the availability of a carer.

- Allowing the person to be absent during working hours for rehabilitation, assessment or treatment.

For example, if a person were to become disabled, the employer might have to allow the person more time off during work, than would be allowed to non-disabled employees, to receive physiotherapy or psychoanalysis or undertake employment rehabilitation.

- Acquiring or modifying equipment.

For example, an employer might have to provide special equipment (such as an adapted keyboard for a visually impaired person or someone with arthritis), or an adapted telephone for someone with a hearing impairment or modified equipment.

- Providing supervision

For example, this could involve the provision of a support worker, or help from a colleague, in appropriate circumstances, for someone whose disability leads to uncertainty or lack of confidence.

Gender Reassignment:

Re Section 7 of the Act, gender reassignment is a protected characteristic that applies to a transsexual person who is proposing to undergo, is undergoing or has undergone a process (or part of a process) to change their sex (by physiological or other attributes of sex).

Section 16 of the 2010 Act provides that it is discrimination against transsexuals to treat them less favourably for being absent from work because they propose to undergo, are undergoing or have undergone gender reassignment than they would be treated if they were absent because they were ill or injured.

Race Equality:

The Parish Council has a general duty to:

- Eliminate unlawful racial discrimination.
- Promote equality of opportunity.
- Promote good race relations between people of different racial groups.

Religion or Belief:

Section 10 (1) of the Act refers. It does not make reference to a particular religion, but it also relates to a lack of religion. The Act does not mean that people's faith must be taken into account so that they can, for example, wear signs of their faith and not be expected to act in contradiction to their beliefs. The beliefs must be:

- Genuinely held.
- A belief not simply a viewpoint or opinion.
- Relevant to weighty and substantial aspect of human life and behaviour.
- Able to attain a certain level of cogency, seriousness, cohesion, and importance.

- Worthy or respect in a democratic society, not incompatible with human dignity and not in conflict with the fundamental rights of others.

Sex:

- (i.) A reference to a person who has a particular protected characteristic is a reference to a man or to a woman.
- (ii.) A reference to persons who share a protected characteristic is a reference to persons of the same sex.

An example is that to discriminate against a breast feeding woman is unlawful and she could breast-feed in the Council Chamber and in Council meetings.

Sexual Orientation:

Section 12 of the Act protects a person's sexual orientation towards:

- (i.) People of the same sex as him or her (ie. a gay man or a lesbian).
- (ii.) People of the opposite sex from him or her.
- (iii.) People of both sexes.

Marriage & Civil Partnership:

Section 8 of the 2010 Act affords protection to people who have or share the characteristics of being married or being a civil partner. By contrast, a person who is engaged, a divorcee or a person whose civil partnership has been dissolved are not protected under the 2010 Act.

Pregnancy & Maternity:

S17 of the Act deals with the treatment of pregnant people in non-work situations and covers the period of her actual pregnancy and for the ensuing period of 26 weeks commencing on the day of

delivery. Notwithstanding other employment provisions which attach to pregnancy and maternity vis a vis leave etc, S18 confirms that a person discriminates against a woman if, in the protected period as identified above, he/she treats her unfavourably because of

- The pregnancy
- Illness suffered as a result
- The exercising of her rights to compulsory, ordinary or additional maternity leave.

Public Sector Equality Duty

Section 149 of the 2010 Act, which came into force on 5 April 2011, imposes on public authorities (which as specified in Schedule 19 includes principal authorities, parish councils and parish meetings without a separate parish council and, in Wales, community councils) in the exercise of their functions, a duty to take into account:

- The need to eliminate discrimination and harassment, victimisation and any other conduct that is prohibited by or under the Act;
- To advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- To foster good relations between those who share protected characteristics and those who do not.

The protected characteristics of marriage and civil partnership are not covered by the provisions of Section 149.

Equal Opportunity

The JPC is committed to achieving equality of opportunity both for those who use its services and for the employees who provide them.

Equal opportunities, fairness in the workplace and providing good quality services to the local community are all inter-linked. It is recognised that individuals and groups continue to be unfairly discriminated against and it is the Parish Council's responsibility to promote good community relations, equality of opportunity and to tackle unlawful discrimination in all of its forms.

This new and comprehensive statement is to demonstrate the Parish Council's wholehearted commitment to action in tackling inequality. Such action is the responsibility of members and all employees of the Parish Council.

Commitment

- To provide services that are equally accessible to all people, free from prejudice and discrimination and sensitive to the needs of all sections of the community.
- Value people and their differences and enable all employees to achieve their full potential, creating vitality within our organisation and the services we deliver.
- Seek to influence the work and contribution of partner organisations from all sectors by ensuring that equality issues and considerations are fully taken into account when developing strategies.
- Work actively towards eliminating all forms of discrimination, both of a direct and indirect nature.
- Encourage partnership and participation in the development and application of council policy and practices.

Policy into Practice

- Ensure that all policies and practices are in line with relevant employment legislation, anti-discrimination legislation and good practice guidelines.
- Integrate equality of opportunity into all aspects of local authority activity.
- Recruit and value a workforce that reflects the make-up of the community.
- Ensure all employees/members understand the values and expectations of the Council and the standards of behaviour that is expected from each of them.
- Make clear the action an employee who feels unfairly treated may take.
- Provide training to relevant employees/members so that they can actively put this policy into practice.
- Provide equal access to all service users and potential service users according to need.
- Give people who use or might use Council services the opportunity to influence the way their needs are met.
- Seek to influence partner organisations in a collective commitment to equality of opportunity.
- In line with Government guidance, encourage voluntary organisations to provide evidence of their commitment to equality in terms of their personnel policies and delivery of their services, as a criterion in determining the award of grant aid from the Council.
- Ensure that the Council has policies that result in services sensitive to the needs of all sections of the community.
- Use socio-economic data to ensure compliance with the policy, where appropriate
- Monitor and evaluate the effectiveness of policy and practice on a regular basis as determined by law

- Develop a well-defined complaints procedure in dealing with alleged contraventions.

In **employment** the aim is to provide a non discriminatory working environment where discrimination, harassment or bullying is unacceptable and which will not be tolerated. Employment policies, procedures and practices will promote equality of opportunity and all decisions regarding recruitment, selection, training, promotion and career management will be based solely on objective and job-related requirements.

In **access to services** the aim is to ensure that all those who receive from the Council or wish to use a Council service can do so without fear of discrimination or disadvantage.

All people are entitled to be treated fairly, in a consistent manner and with dignity and respect.

Employees & Recruitment

1. The Parish Council shall provide an environment free from discrimination and harassment and it recognises the contribution made by staff from all backgrounds especially from those within the above Protected Groups.
2. The Parish Council will take full account of the provisions of the Equality Act 2010 when recruiting staff. Section 60 of the 2010 Act relates to the recruitment process and specifically covers the enquiries that can be made **before** employment. An employer is not permitted to ask questions about a job applicant's health before offering work or, where not in a position to offer work, before including the applicant in a pool of applicants from whom the employer intends (when in a position to do so) to select a person to whom to offer work. If an employer does ask health questions before a job is offered and subsequently does not offer the person a job, the burden of proof will be

on the employer to prove that there was no discrimination. An applicant cannot bring an action solely on the grounds that a prohibited question on health was asked. However the Commission for Equality on Human Rights (CEHR) has powers under the Equality Act 2006 to enforce a breach of these provisions.

3. Advertisements for recruitment will not request applicants from a particular age range; neither will application form request dates of birth or other age-related details.
4. All application forms shall state that the Parish Council encourages applications from all, including and especially those from the Protected Groups.
5. In order not to discriminate against younger people, all application material will emphasise the importance of skills and potential, as well as experience.
6. The Parish Council will ensure that there is no age discrimination in relation to the dismissal of staff.
7. Any age discrimination shown to staff by other Staff Members, the Public or by the Council Members will be treated as a serious offence.
8. A job description and person specification must be drawn up for every vacancy and be provided to all prospective employees. Person and job specifications shall be strictly limited to those requirements which are necessary for the effective performance of the job.
9. Information about job vacancies must be made available to all sections of the community (except in situations where, in line with relevant employment legislation and the Council's Employment Policy, external advertising of vacancies is restricted).

Service Provisions to the Public

1. All Members of the Public will be treated fairly and consistently
2. All services shall be provided without unlawful discrimination, harassment or victimisation.
3. Those using Parish Council properties and facilities will be afforded all possible assistance so as to ensure that they can access these, with special attention being given to those who find it difficult to access facilities on the grounds of their age or disability or other Protected Characteristic.
4. All application forms – including Conditions of Use forms – made to the Parish Council shall state that the Parish Council will treat all applications equitably and take due consideration of those with Protected Characteristics.

SECTION M

Terms of Reference – Internal Audit

Objectives & Responsibilities

The Primary objective of the Internal Audit is to review, evaluate and report upon the adequacy of the internal control systems operating throughout the JPC. The internal control systems established within the JPC will provide assurances that the JPC's objectives will be achieved with particular reference to:

- The effectiveness of operations;
- The economic and efficient use of resources;
- Compliance with applicable policies, procedures, law and relevant regulations;
- The safeguarding of assets and interests from losses of all kinds, including those arising from fraud, irregularity, and corruption;
- The integrity and reliability of information, accounts, and any data.

The Internal Auditor, therefore, should:

- Carry out a selective assessment of compliance with relevant procedures and controls expected to be in operation during the financial year in order to be able to complete the relevant section of the Annual Return;
- Review the reliability and integrity of financial information;
- Review the means of safeguarding assets and verify their existence if that is deemed appropriate;

- Appraise the economy and efficiency with which resources are employed and identify, where appropriate, opportunities to improve performance and make recommendations if required;
- Review the established systems to ensure that all policies, procedures, laws, and regulations which could have a significant impact on operations, determining whether the JPC is in compliance;
- Review operations and activities on a regular basis to ascertain whether the results are consistent with the JPC's objectives and whether they are being carried out within the scope set out.

Scope of Internal Audit Activity

There are no limitations to the Internal Auditor's scope of activities. The scope of the Internal Audit allows for unrestricted access of the JPC's activities, including both financial and non-financial systems of internal control. The Internal Audit shall, as a minimum, cover areas which will provide a test of key controls in order to provide assurances that coverage has been met.

Independence

The Internal Auditor is to be independent of the operations, both financial control and management, of the JPC and is competent in the understanding of the law and requirements which are applicable to local councils, as stated in Governance and Accountability for Smaller Authorities in England. They should also have an understanding of simple accounting and basic PAYE and VAT requirements.

If there are any changes to the Internal Auditor's personal circumstances which may call into question their independence, it should be reported to the JPC in writing and subsequently acknowledged.

The main way to determine the effectiveness of an Internal Audit is that it is seen to be independent in its planning and operation

and, as such, will have unrestricted access to the Clerk of the JPC and segregation from the day to day operations of the JPC.

Objectivity will be preserved by ensuring that the Internal Audit is free from any conflicts of interest and does not undertake any non-audit duties on behalf of the JPC.

Rights of Access

There are no limitations to the Internal Auditor's access to records and he/she has the authority to access all assets, records, documentation, correspondence and control systems, in addition to receiving any information and explanation considered necessary and requiring any employee of the JPC to account for cash or any other JPC asset under their control.

The JPC's Responsibilities

The existence of an Internal Audit does not diminish the responsibility of the JPC to establish systems of internal control to ensure that the JPC's activities are conducted in a secure and well-ordered manner.

Reporting

The Internal Auditor will formally report on their results following each audit and any appropriate recommendations made to the JPC and to make any corrective actions, where appropriate, are carried out

SECTION Q COMMUNITY ENGAGEMENT STRATEGY

Introduction

Beaudesert & Henley in Arden Joint Parish Council is committed to engaging and empowering its residents and continually improving its approach to community engagement.

Beaudesert & Henley in Arden Joint Parish Council values all the people in the villages of Beaudesert & Henley in Arden and recognises the enormous contribution that individuals and community organisations make to the development of the town.

This strategy builds on existing good practice and the strong tradition of community engagement. It ensures that the way the council engages with the community reflects the needs of the people that live and work here and their priorities for the future of our villages are considered.

Beauesert & Henley in Arden Joint Parish Council celebrates the diversity of the people of Beauesert & Henley in Arden with a commitment from the Council to address all existing inequality by building a sense of fairness, inclusion and cohesion within the community. The Council would like to ensure that groups of people who contribute to society such as young people, older people and citizens with a disability are given a voice in the decision-making processes that affect them.

Beauesert & Henley in Arden Joint Parish Council has, as its responsibility, to ensure that the views, needs, desires and preferences of everyone within the community - including those from vulnerable, minority and not yet reached groups – influence Joint Parish Council strategy development.

This strategy sets out a framework to ensure that the way the council consults and engages with the community is consistent and co-ordinated, that all the community engagement activities are monitored and evaluated, and that all residents have opportunities to get involved. It also makes sure that there is a clear link between community engagement and decision making.

This community engagement strategy also responds to requirements placed upon Beauesert & Henley in Arden Joint Parish Council by central government policy guidance.

Why do we need this strategy?

Beauesert & Henley in Arden Joint Parish Council's strategic approach to community engagement is driven by the needs of the parishioners of Beauesert & Henley in Arden in the light of all

central government decisions; and the decisions made by principal authorities that impinge directly upon those parishioners.

The requirement upon Beaudesert & Henley in Arden Joint Parish Council to ensure that we understand the impact of important legislation such as the Local Government Act 1999, Local Government Act 2000, the Children Act 2004, Planning and Compulsory Purchase Act 2004 and the Disability Discrimination Act 2004.

How this strategy works

This strategy sets out the council's intent and overall approach to engaging with all communities within Beaudesert & Henley in Arden. Beaudesert & Henley in Arden Joint Parish Council shall make information available, at the earliest opportunity, as to what matters are being considered by the Council and how residents may contribute and influence decisions. Methods used to ensure this are as follows: -

- By publication of information on the Beaudesert & Henley in Arden Joint Parish Council Web Site at <https://www.henley-in-arden-pc.gov.uk/>
- By posting information on the JPC notice boards located on the map appended to this Handbook.
- By publication of the minutes and notices in Henley Focus and Henley Express.
- By holding public consultation meetings in the Memorial Hall or any other venue meeting current protocols.
- In discussion, at regular monthly meetings of Beaudesert & Henley in Arden Joint Parish Council
- By leaflet drop, house to house.
- By holding Annual Parish Meetings

- The Parish Clerk – the Parish Clerk plays a neutral role so that residents can be fully involved and assured that they are receiving unbiased information and support, in confidence.

The Clerk can be contacted on:

01564 637 607

Clerk@henley-in-arden-pc.gov.uk

Engagement with the community to understand their needs and expectations will now be a fundamental part of council planning.

What is a community?

Beaudesert & Henley in Arden Joint Parish Council has a responsibility to engage with all stakeholders in how the parishes are managed with everyone having a stake in what happens in the future and a role to play in the management of that future.

Communities can essentially be broken down into the following groups:

Parish organisations, a group of individual parishioners, businesses and other agencies and services.

This strategy focuses on these communities. It is important to recognise that communities can be defined in several different ways:

a community of places – defined by an area with a physical boundary, such as a housing estate, neighbourhood, or area boundaries.

a community of interest – defined by shared experiences such as an interest in an activity or project e.g. sports groups, church and school groups, community groups, representative bodies.

a community of identity - defined by how people wish to identify themselves or how society identifies them e.g. young people,

disabled people, ethnic minority groups, the working population, men, women, business leaders etc.

a community of concern – community activists or lobby groups e.g. “Proud of My Parish”.

a service user or customer community – users or potential users of primary /highways and recycling or services for specific users such as planning, sports centres, or libraries. No community is made up of people who all think the same, act the same and have the same experience or views. People will often belong to more than one community.

What is community engagement? Community engagement is the process by which community organisations and individuals build ongoing, permanent and sustainable relationships for the purpose of applying a collective vision for the benefit of the whole community.

Why is community engagement important? Community engagement is essential to improving services.

It helps to unite local people and communities, builds citizenship and community pride.

By engaging with local people, Beaudesert & Henley in Arden Joint Parish Council can make sure that good quality services are delivered where they are most needed and tailored to local needs. Feedback is also necessary as this acts as a check to ascertain that those services are meeting needs and any necessary improvements are identified.

Community engagement also helps to break down barriers between local people and Beaudesert & Henley in Arden Joint Parish Council. The council will then become more open and accessible as communities have a better understanding of how it works and the need to take part in the council decision making process at all levels.

The council recognises the need to reach out to all its diverse communities to ensure that a wide variety of views are considered.

Beaudesert & Henley in Arden Joint Parish Council perspective

Community engagement is at the heart of local democracy. Beaudesert & Henley in Arden Joint Parish Council believes that effective engagement must be focused on all levels through local councillors acting as elected representatives of local communities through responsibility for service delivery.

Community driven engagement

Beaudesert & Henley in Arden Joint Parish Council needs to ensure that it reaches out to our communities at all levels and will involve our communities on several different levels:

This community-based approach to engagement is driven by:

- **Local councillors** - local councillors are the elected representatives of their communities. By having a base in their community, they are accessible and will get to know which issues affect people. Councillors will develop an understanding of the needs and hopes of local people through engaging with them and providing representation.
- **Council partnerships** – Beaudesert & Henley in Arden Joint Parish Council will act in partnership with any other level of local government to promote a joined up approach to engagement by bringing the public, private, community and voluntary sectors together. These partnerships may provide guidance in the economic, cultural, technological, and environmental development of the area. Beaudesert & Henley in Arden Joint Parish Council will also engage in partnership with key community-based representative groups and organisations to develop an

understanding of the issues that affect citizens and impact upon their neighbourhoods and quality of life.

- **Voluntary, community and faith-based organisations** - Beaudesert & Henley in Arden Joint Parish Council will maintain through the office of the Parish Clerk, key contacts within many voluntary, community and faith-based organisations, and use this network to further engage with our diverse range of communities.

- **Community groups and residents' associations** – Beaudesert & Henley in Arden Joint Parish Council needs to reach out to all communities through community groups such as older people's networks, neighbourhood watch groups etc., to involve local people in decisions that may affect their neighbourhoods. Contacts with these organisations will be maintained by the Parish Clerk.

Guiding principles Beaudesert & Henley in Arden Joint Parish Council is committed to carrying out community engagement to a high standard. The following principles have been put in place to help shape and drive successful community engagement.

- **Value, know and involve our communities** - everyone has the right to feel they have an investment in council decisions and can influence and take an active role in their community.

- **Support** – identify and overcome barriers to community participation.

- **Plan well** – Beaudesert & Henley in Arden Joint Parish Council is committed to accessing the views of groups in the community and particularly socially excluded ones. Utilising a 'one size fits all' approach to community engagement will not work, so the methods used to engage communities need to be planned to make sure that they are appropriate for the area, the community, the issue and the timescales.

- **Ensure quality of methods** – Beaudesert & Henley in Arden Joint Parish Council through the Parish Clerk will reinforce the

requirements for a high standard of quality within all our community engagement activities.

- **Improvement of provision** – community engagement should be embedded into strategy and planning. Clear procedures will lead to changes in the way decisions are made, that actions are carried out and that the services which are undertaken are delivered so that the council can meet community expectations.

- **Communication and feedback** - people have the right to access information detailing involvement opportunities and to find out about council decisions.

- **Evaluate and learn** - community engagement will be monitored and evaluated by Beaudesert & Henley in Arden Joint Parish Council to ensure that it is delivering on the outcomes as brought about by this strategy.

Tree Management Protocol

1. Introduction

Stratford-on-Avon District Council ('the Council') is responsible for approximately 250 hectares of land, ranging from car parks to local nature reserves, upon which are over 5,000 trees. Trees are dynamic structures, constantly growing and changing to adapt to environmental conditions.

The Council recognises that it has a 'Duty of Care' under the Occupiers Liability Acts 1957 and 1984 to ensure that all of the trees on its land remain in a safe condition as far as it is reasonably practicable.

As such, the Council manages the condition of trees and the risk that they pose to nearby people and property through a zonal inspection system (see Table 1), to prioritise areas of high usage and make the best use of limited resources to safeguard the public.

This document is intended to act as a single point of reference for the public, Councillors, officers and professionally interested people to establish a clear, consistent and more structured approach to the issues affecting Council owned trees.

The Protocol has been designed for the following purposes:

- To establish the responsibility of the Council in relation to its tree stock;
- To ensure that resources are correctly allocated from a risk perspective and that the management of trees on any particular site is fulfilling what is considered to be reasonably practicable; and
- To provide advice and guidance in relation to requested remedial tree works.

2. Inspection Regime

Table 1: Zonal Inspection System

Category	Typical Land Type	Survey Frequency
Zone One (High risk)	Ornamental and formal recreation areas, including play areas, high usage walkways and car parks, main roads and high usage/residential buildings.	As defined by existing survey or every 3-5 years
Zone Two (Medium risk)	Public open spaces in residential areas, including medium usage car parks and access points where the public are likely to congregate.	
Zone Three (Low risk)	Designated local nature reserves and open parkland, including any areas of low usage.	As defined by existing survey or every 4-6 years
Zone Four (Negligible risk)	Remote or inaccessible areas, including areas with minimal or no public use.	

The survey consists of a detailed inspection which involves an initial ground-level, visual assessment looking at the exterior of the tree for any evidence of structural defects. The

- **Wildlife**

The Council will not carry out any works to Council owned trees to reduce incidence of native bees, wasps, flies or other insects, birds or wild animals.

If you wish to destroy a common wasp nest, exercise great caution and seek the aid of a pest control expert. In recent years tree bumblebees have become increasingly common throughout the UK. Unlike common wasps this species only inhabits existing holes in trees and occasionally loft voids, and do not chew wood or have any detrimental effect to the structure of the tree or building. It is therefore current advice to leave these nests be, however if you feel that they are becoming a problem contact your local Bee Keeping Association.

Wild birds are afforded protection under the Wildlife and Countryside Act 1981 (as amended), and it is illegal to (amongst other offences):

- Intentionally kill, injure or take any wild bird; or
- Intentionally take, damage or destroy the egg of any wild bird, or the nest of a wild bird while it is in use or being built.

Further protection is afforded to birds listed on Schedule 1 of the Wildlife and Countryside Act 1981 (as amended) against disturbance whilst it is nest building, at a nest containing dependant young, or to disturb the dependant young of a Schedule 1 bird species.

Bats (*Chiroptera* spp.) are legally protected under the Wildlife and Countryside Act 1981 (as amended) and the Conservation of Habitats and Species Regulations (2017) against the following offences (amongst others):

- Deliberate taking, injuring or killing of a wild bat;
- Intentional or reckless disturbance of a bat in its roost;
- Damage or destruction to a place used by bats for breeding or resting (even if bats are not occupying the roost at the time); or
- Intentional or reckless obstruction of access to a bat roost.

Bats and other species that may live in trees are also listed as species of Principal Importance under Section 41 of the Natural Environment and Rural Communities (NERC) Act 2006. This places an obligation on public authorities in exercising their functions, to have regard, so far as is consistent with the proper exercise of those functions, to the purpose of conserving biodiversity.

The Council understands its legal obligations in respect of wild birds and other protected species, and the potential presence of protected species will always be considered prior to undertaking tree management works. Should the presence of protected species be suspected, or a protected species be found within a tree due for management, a professional ecologist and/or Natural England will be contacted for advice prior to any works commencing.

Any unauthorised works to a tree which results in a breach of the aforementioned legislation may result in prosecution or civil legal proceedings.

- **Obstruction to the Highway/Adjoining Property**

One of the requirements of the Highways Act 1980 is that a public highway should be kept clear of obstructions. Where branches from Council owned trees are causing obstruction/impediment over the highway or are in contact with an adjoining property, the Council will carry out the minimal works necessary to remove or reduce any obstruction. Such works will also take into account their effect on the long-term

recommendations contained within the survey provide remedial tree works to reduce or minimise a hazard on a tree posing risk to the associated target areas.

The re-inspection frequency is assessed on a tree by tree basis and is determined by the age, condition and location of the tree. Any intervention works will take into account the significant risks that may arise until the time of the next scheduled visit.

Following severe gales or unexpected/prolonged bad weather conditions, Council officers will look for and report on any unsafe trees and branches during their routine work through informal observations. This is to ensure that any damage to trees is identified and the appropriate remedial action occurs.

All tree works carried out on Council owned land is in accordance with British Standard 3998:2010 'Tree work – Recommendations'.

3. Unsafe Trees

If a Council owned tree is in such a condition that it poses a very high risk to people or property, the Council will attend the site as an emergency as soon as it is reasonably practicable. If works cannot be carried out immediately, the Council will seek to cordon off areas at risk until resources are available.

The signs to look out for which may mean that a tree is in such condition to warrant an emergency response include:

- tree is snapped or blown over
- tree is uprooted but held up by another tree or building
- large branch has broken off or is hanging off the tree
- tree or branch is blocking the road or footpath
- tree or branch is blocking access to property
- tree may, or has, fallen onto a house or vehicle

The Local Government (Miscellaneous Provisions) Act 1976 gives the Council powers to deal with dangerous trees not owned by the Council. It is normally used as a last resort if the land owner appears not to be doing anything about a dangerous tree, which may cause harm to people or property.

4. Tree Related Issues

• Common Law Rights

In the English legal system, 'Common Law' refers to laws that have been developed through precedent set by similar cases as opposed to being created through legislative statutes. Under English Common Law Rights, you have a right to remove (abate) the perceived nuisance associated with trees encroaching onto your property. The following advice with respect to encroaching Council owned trees is provided for general guidance only. You are strongly advised to obtain independent legal and arboricultural advice before acting:

- Before you consider carrying out any works to the tree, you should check to see whether it is protected by a Tree Preservation Order (TPO) or is located in a conservation area. If the tree is protected, then you will need to gain consent by making an application to the Council. If the tree is located in a conservation area, the Council must be given details of the works and six weeks' notice for standard works. For guidance on how to check if a tree is protected and how to make an application, please contact **01789 260304** or email planning.applications@stratford-dc.gov.uk. Carrying out work to a tree which is in a conservation area or subject to a TPO without first applying to the Council can constitute a criminal offence.

- where the distance between the base of the tree and the window of the nearest habitable room* is less than half the height of the tree (for trees with a height of less than 12 metres); or
- where the distance between the edge of the tree canopy and the window of the nearest habitable room* is less than 2 metres.

* A 'habitable room' means a dining room, lounge, kitchen, study or bedroom but specifically excludes WCs, bathrooms, utility rooms, landings and hallways.

You will be required to submit an independent report to the Council to support your request.

- **Tree Size**

The Council will not carry out any works to Council owned trees because they are considered to be "too big" or "too tall". A tree is not dangerous simply because it may be considered too big or too tall for its surroundings. In addition, the unfounded fear of a tree will not normally result in action to prune the tree. Any unauthorised works to a tree may result in prosecution or civil legal proceedings.

- **Television/Satellite and Radio Reception**

Interference with television/satellite and radio reception causes frequent complaints, and this can be worse when the leaves are on the trees and in strong winds or heavy rain. Many instances of poor signal arise from less obvious obstructions such as nearby hills or new constructions some distance from the receiver. In most cases, the situation can be either significantly improved or solved by the relocation of the aerial or an engineering solution. Boosters may also be available which can improve the reception. These options are far less destructive than the felling or pruning of a tree. The Council will not carry out any works to Council owned trees to address this issue and will not give permission for others to do such work to our trees. Any unauthorised works to a tree may result in prosecution or civil legal proceedings.

- **Security Cameras/Sensors**

The Council will not carry out any works to Council owned trees to improve the range or vision of security cameras or similar sensor equipment unless requested to do so by an appropriate statutory authority (e.g. the Police, on the grounds of public safety). The security of premises is the responsibility of the land owner and any system should be installed in such a way as to avoid interference from or with an adjoining tree(s). Any unauthorised works to a tree may result in prosecution or civil legal proceedings.

- **Overhead Power Cables**

The Council will provide clearance and remove obstructions for overhead power cables but will not carry out any works to Council owned trees to remove or reduce interference with them. The electricity supplier may be able to suggest an alternative solution, however, it should be noted that power cables often run through trees with little or no effect. Any unauthorised works to a tree may result in prosecution or civil legal proceedings.

- **Debris from the Lifecycle of Trees**

Blossom, leaves, fruit, berries, nuts, seeds; honeydew (sap exudation) and bird droppings are considered a natural act, outside of the control of tree owners. Where leaves from Council owned trees accumulate on public roads and pathways, they will be removed as part of the Council's street cleansing routine work. Where leaves end up on private land, they should not be swept or blown onto Council owned land, public roads and pathways.

INTRODUCTION

This plan is a joint development by the JPC, CSW Resilience Office, and Warwickshire County Council. It seeks to clarify just what local authorities need to do in a civil emergency. How they should be prepared to respond effectively to an emergency in this area.

Nearly all emergencies affecting the local community will be dealt with routinely by a joint response from the emergency services, Local Authorities and Utility companies.

However, in unexpected and extreme conditions such as snow and flooding, there is a possibility that the emergency services and other agencies may be **overwhelmed** and not be able to reach the area affected immediately.

In such circumstances, the initial response will rely entirely on local people within communities. This plan will assist the community to respond to a major incident or emergency, whilst awaiting the assistance of the Emergency Services and the Local Authority.

THE AIM OF THE PLAN

The plan has been designed to enable your Parish Council to identify the immediate actions they should consider during an emergency. These actions may assist the community in reducing the impact of an emergency until further assistance is available.

Provide a framework for Parish/Town councils to deal with the initial impact of an emergency on the local community, particularly when outside assistance from the emergency services and Local Authorities is delayed.

OBJECTIVES

- **Support** community resilience.
- **Identify** resources in the community available to assist during an emergency.
- **Identify** local people and local organisations who may be able to assist during an emergency.
- **Identify** vulnerable people in the community and develop arrangements to assist them.
- **Provide** relevant and timely local information throughout the emergency.
- **Provide** appropriate contact details for the Parish/Town council, key community resources, the emergency services and Local Authorities.
- **Establish** local co-ordination arrangements for dealing with the impact of the emergency at the local level.
- **Identify** and commission places of safety for the public.
- **Provide** local intelligence to responders.

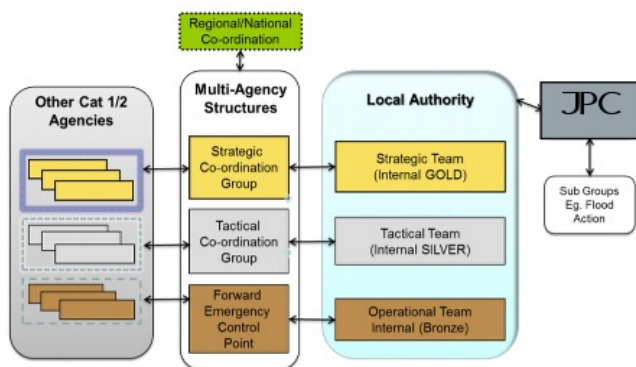

7

WHAT IS AN EMERGENCY?

An emergency will mean different things to different communities. The Civil Contingencies Act 2004 defines an emergency as event or situation which threatens serious damage to-

- Human welfare in a place in the United Kingdom
- The environment of a place in the United Kingdom
- The security of the United Kingdom or of a place in the United Kingdom.

Response Structure

Once an emergency has occurred, the lead agency (e.g. Police, Fire and Local Authority etc.) with partners will deal with the affected local community, for the duration of response

THE JPC ROLE IN AN EMERGENCY

The JPC will act as a focal point within the local community and act as a direct line into the community for the Local Authority and the CSW Resilience Team.

The JPC will provide an initial response within the community and on-going support to responders, by:

- Providing "local knowledge" to responding agencies
- Establishing a co-coordinating link with Parish/Town 'councillors and local voluntary groups as necessary
- Supporting information exchange and instructions to the local community (e.g. liaising with local groups)
- Providing information about vulnerable persons during an emergency i.e. the elderly and the infirm.
- Ensuring that any premises owned by the Parish and Town council which may be required for emergency use are available, e.g. the village hall
- Acting as a conduit for responders to assist and organise local help, when required. This may include places of safety

PLANNING GUIDANCE

On a day-to-day basis, the link for the parish on emergency planning issues is to the CSW Resilience Team. The Resilience Team will assist the Parish/Town council in the development of their emergency plan and in ensuring they are regularly updated in the following way:

- Supporting Parish/Town councils with advice on the production of their emergency plans
- Sharing of information within the plans
- Reminders for updating plans

ACTIVATION PROCESS

This plan will be activated when the Henley community needs immediate help and support in response to an emergency. It may be activated **independently** or in relation as a result of a sudden impact or notification of potential and imminent danger to our residents.

Do not assume that somebody has already taken action!

It is better that the initial response is duplicated rather than no response is given at all!

1. DETERMINE THE LEVEL OF THE EMERGENCY

Major

The nature and extent of the emergency is such that the number and type of casualties/persons involved requires more than a normal level of response

Minor

A more localised incident where normal procedures are more likely to be adequate

2. MAKE CONTACT

Major: multi-agency response needed, call **emergency** services: **999** and activate emergency plan

Minor: emergency: 999 and relevant emergency services and key contacts

3. FOLLOW INSTRUCTIONS

Given by the emergency authorities supported by information included in this plan

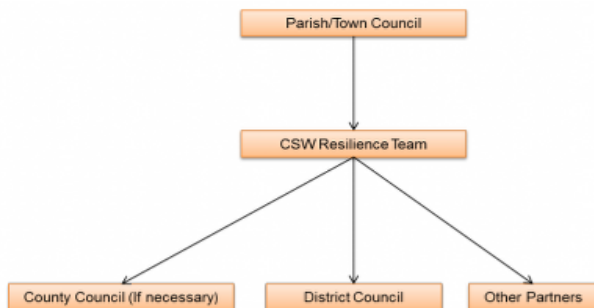

4. TAKE APPROPRIATE FURTHER ACTION

Until the emergency services arrive

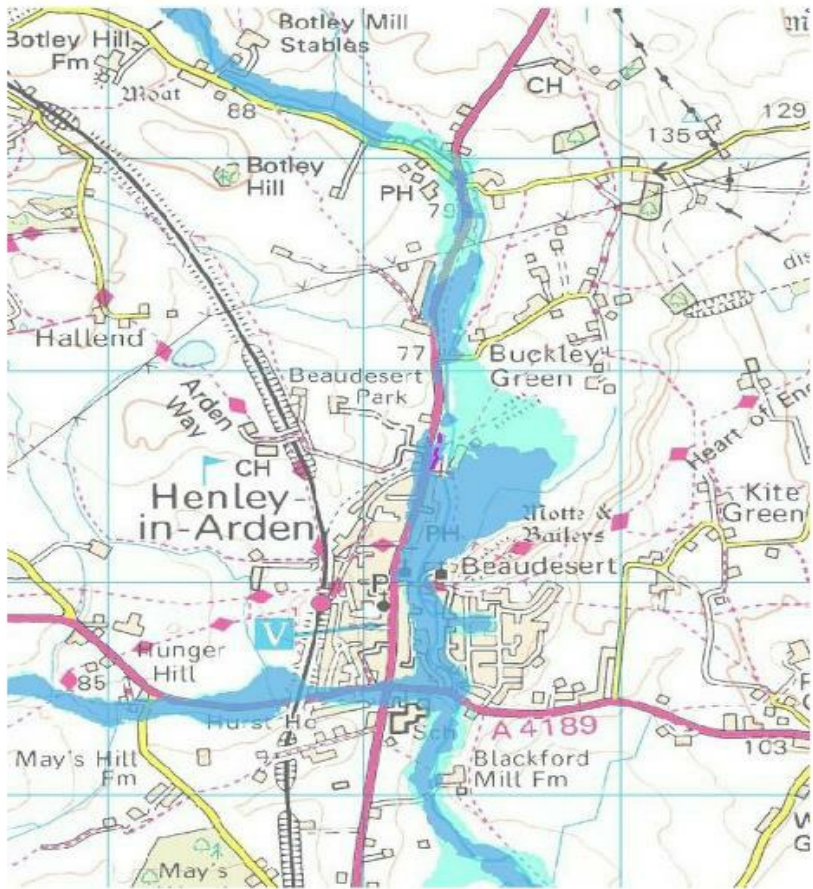

The Parish Council may be asked to support responders during any incident of any scale.

Upon activation the parish emergency committee will assemble

SECTION U ALLOTMENTS

Rules for Plot Holders

Introduction

These rules and regulations are set out and designed to ensure that all allotment holders can enjoy and benefit from their plot. Please take a moment to read and note the rules of your tenancy; if you fail to observe these conditions you may be at risk of losing your plot.

The lease agreement is between Beaudesert & Henley in Arden Joint Parish Council [JPC] and you, hereinafter referred to as the **tenant**. In the Agreement, the term "allotment" means the sum of all areas of the allotment land rented, and the term "tenant" means you, the named person residing at a single address within the Parish. [Certain exceptions may be agreed]

When signing the lease you are agreeing to take on a yearly tenancy and to look after your plot and the allotment site. You are also agreeing to abide by these rules and regulations as part of the lease.

The tenancy lease entitles you to garden the plot numbered on your lease, as identified on the plan of the allotments. You may use the allotment for the cultivation of fruit, vegetables, flowers and herbs. Natural gardens/areas are not permitted. The primary purpose must be non-commercial.

As tenant, you are responsible for the allotment and may not sub-let it or pass the tenancy to anyone else.

Where the demand for allotments is greater than the space available, new tenants will be kept on a waiting list. Tenants currently renting allotments, who wish to up size or down size, will be given preference over those on the waiting list.

The JPC reserves the right to amend the conditions of the tenancy, charges for allotments and service as required. Notice of such changes will be being posted to each tenant and placed on the notice board at the entrance to the site.

The JPC will manage the allotment site until such time as the tenants come forward having formed an Association, of which two members must be Councillors. Once the Association has been formed the Council would set an annual sum, payable by the Association who will act as agents for the Council.

1. THE TENANCY is subject to the Allotments Acts 1908 to 1950 and to the following conditions:-

2. Payment of rent and termination due to non-payment.

You, the allotment holder, as a tenant of the JPC, agree by signing the lease agreement to pay the current annual rent as a one-off payment in advance of the 12-month renting period.

Payment of your rent can either be made in cash to the Parish Office, or by post in the way of a cheque made payable to the JPC, posted to JPC c/o Whitehouse Cottage, 179 High Street, Henley in Arden B95 5BA or by bank transfer, Lloyds, account number **00335801**, sort code **30-98-26**.

The Council reviews all charges yearly prior to precept in April each year, any changes would come into force on 1st April. All tenants will be notified of any changes in writing from the 1st January.

3. Termination of the lease.

The tenancy of an allotment shall terminate whenever the tenancy or right of occupation of the JPC terminates.

The JPC may also terminate a lease by re-entry after one-months' notice, having been posted/emailed to the last known tenants address (whether it has been legally demanded or not):-

- If the rent or any part of it is in arrears for not less than 14 days whether legally demanded or not;
 - If it appears to the JPC that there has been a breach of the conditions and agreements on the part of the tenant contained in this agreement and provided that, if such breach is of the conditions or rules affecting the cultivation of the allotment, at least 3 months have elapsed since the commencement of the tenancy; or
 - If the Tenant becomes bankrupt or compounds with his creditors.
- The date of the letter to be sent by registered post will outline the failure to meet any of the above and will be the start of one month's notice of termination of lease. If the payment or improvements are made, or reasons for non-compliance, received in writing at the Parish Office and having been approved by the JPC, no further action will be taken at that time. If no payment or improvements have been made at the end of the months' notice the lease will be terminated.
- The JPC may also terminate the lease by giving three months' notice in writing, if the land is required for building, or any industrial use, or for roads or sewers needed for these uses. Or any purpose, for which the allotment site has been appropriated under any statutory provision.

4. Plot allocations.

- No Tenant will have the right to more than one allotment. If a Tenant is permitted to have more than one allotment, the Council may give 12 months' notice to quit if the allotment is required for a new Tenant
- The tenant must reside within the joint Parish of Beaudesert & Henley in Arden. If the tenancy is granted to someone not resident in the Parish, the JPC may give 12 months' notice if the allotment

is required for a new tenant who does live within the Parish boundary.

5. Giving up your plot.

- You can give notice that you intend to give up your plot at any time, without compensation. Should you decide to give up your plot you must immediately inform the JPC, in writing, advising them of the date from which the plot will be vacated and ready for the inspection. This will end your agreement for the plot.
- The JPC will endeavour to re-lease your plot as soon as possible.
- The Tenant must yield up the allotment at determination of the tenancy created by this agreement and must ensure that the allotment is left in a tidy and strimmed down condition.
- If the plot is not left in a tidy and strimmed down condition, the JPC reserves the right to carry out such work and pass costs to the retiring tenant.
- All property including sheds/greenhouses must be removed unless there have been suitable negotiations regarding transfer with incoming tenant.

6. Moving to another plot.

- Tenants currently renting plots wishing to up size or down size, will be given preference over those on the waiting list.
- Tenants wishing to change plots must notify the JPC in writing in order that this can be noted on their records to be able to advise you when the size of plot you require becomes available.
- You may be asked to give up your original plot in exchange for the new plot.

7. Changes in circumstances.

It is your responsibility to contact the JPC to advise them of any changes in your personal circumstances i.e. change of address or illness/injury whereby you cannot attend your plot.

8. Subletting.

The JPC reiterates that the tenant must not sublet, assign or part with possession of the allotment or any part of it without the written consent of the Council.

9. Statutory notices.

The JPC will give notice to tenants as required under existing statutes.

The JPC must issue a statutory notice when there are changes to your rent or to terminate your agreement. Any Council Officer can sign the notice. The Council will serve notice in one of the following ways:-

- To the tenant in person.
- In writing to the last address you have given on your records.
- By registered post to the last known address.
- By putting a notice in a prominent place on the plot/allotment site.
- By putting a notice in the local newspaper.

10. Right of entry/Power to inspect.

The tenant must observe all rules and regulations relating to the allotment **site**, that have been or may at any time hereinafter be made by the Council and of which the plot holder shall have been notified.

Officers of the Council, and others employed by the JPC or any member of the Council may when directed by the Council, enter,

inspect and carry out maintenance work on your plot/allotment site without notice.

If the Tenant is found to be in breach of any provision of this Agreement, they will be given two weeks to remedy the breach. Should this notice not be complied with, the Council may remedy the breach and the costs of doing so may be recovered by the Council from the Tenant's deposit.

The Council will undertake regular inspections.

11. Cultivation and care of your plot/allotment site.

The main requirement of your agreement is to keep the allotment in cultivation and maintain the soil in a good and fertile state at all times.

Plots must also be kept neat and tidy by removing litter and rubbish, controlling weeds regularly in order that they do not seed and cause problems for other plot holders.

These allotment plots are provided to be **USED/WORKED**.

If you cannot manage to cultivate your entire plot at once, it is acceptable, as a temporary measure, to mulch with polythene sheeting or organic mulch to keep weeds down.

Rubber or foam backed carpet must not be used, as the backing may rot down releasing harmful chemicals into the soil and causing pollution.

Cultivation = 2/3 at all times either in crop or condition to accept crop.

Natural gardens/areas **ARE NOT PERMITTED**.

12. Non-Cultivation of plots.

The tenant shall keep their allotment in a good state of cultivation, in a neat and tidy condition and used for its purpose.

- If at any time as the tenant you cannot cultivate, keep in neat and tidy condition and use the allotment for its purpose, it is your responsibility to inform the JPC.
- Failure to comply with the rules and regulations will result in the JPC issuing you a letter advising you of the breaches and giving two weeks for improvements to be made and asking if there are any mitigating circumstances to be made known to the Council.
- If improvements are made or reasons for noncompliance received in writing at the Parish Office and having been approved by the Council, no further action will be taken.
- Failure to comply with the above will result in a second letter to be sent, the date of this letter being the start of one month's notice of termination of the lease.
- If after the months' notice no improvements are made or mitigating circumstances given a third letter will terminate the lease and the plot will be re-allocated to the next person on the waiting list.
- The Council reserves the right to levy a charge to recover any costs incurred to reinstate the allotment plot to good order i.e. strimmed down and clear of rubbish for the next tenant, from the held deposit.

13. Bringing compost and manure on to the site.

- Tenants may bring green waste such as hedge/grass clippings and weeds onto their plots for making into compost for use on their plot. Similarly tenants can bring in manure, however you must not bring onto the site more material than you can use and it must be cleared from any path or highway within 7 days of delivery. You must cover fresh manure and compost heaps with a tarpaulin, or similar to help lessen the problem of strong smells and flies.

14. Soils and Minerals.

Tenants must not take away or sell soil, earth, sand or gravel from the allotment site.

15. Watering.

Water will be turned off at the sites from October to March, to prevent damage to the system during the cold weather.

No use of hose pipes is permitted. You may not make excessive use of water or tamper with the water supply.

You are responsible for reporting water leaks/problems with taps to the Council.

In the event of a drought notice being issued, tenants must adhere to the conditions of the notice.

* THE JPC will **monitor the water usage on both the north and south sites** using an accredited water meter and managing authority [WATER PLUS]. Usage charges will be shared equally by the plot holders on each site, the charges will be published on the JPC website and invoiced to all tenants on a yearly basis.

16. Boundary structures.

The tenant shall keep every hedge that forms part of the boundary of the allotment plot properly cut and trimmed, keep all ditches properly cleansed and maintained and keep in good repair any other fences, gates or sheds on the allotment plot and use their best endeavours to protect any other hedges, fences and gates of the allotment site.

Paths and ditches must be kept in good order and clear of obstruction at all times. On shared plots, tenants must give unobstructed and clear access to sharing tenants.

The tenant must not use barbed or razor wire for a fence adjoining any path set out by the Council for the use of occupiers of the allotment plots.

- Fences or hedges may not be erected that are higher than 4 feet.
- If maintenance is not properly carried out, the Council reserves the right to levy a charge to recover any costs incurred.

17. Structures and storage on allotments.

- Tenants may erect a shed on their plot, subject to terms/conditions laid down by the Council.
- Sheds must be of a commercially available type and approved by the Parish Council.
- They must be kept in good order and comply with existing Health and Safety provisions.
- Cold frames and storage boxes are permitted.
- Fruit cages to standard commercial sizes.
- Greenhouses structures should have a footprint of no more than 9 sq. meters and must be kept in good order and comply with current **Health and Safety provisions.**
- Netting tunnels are permitted providing that they must not be let to fall into disrepair or will have to be removed. The netting should be green, brown or black.
- No poly-tunnels allowed.
- Any building erected without the Council's consent may be removed by the Council without paying any compensation and the costs of removal may be recovered by the Council from the Tenant.

18. Rubbish.

- There is no automatic right to rubbish clearance on the allotment site and all dumping whether vegetation waste or any other material is forbidden.

- You must not deposit or allow anyone else to deposit rubbish anywhere on the allotment site. This includes the hedges, ditches and paths around the allotment site or on plots.
- The tenant must clear away from the plot and the site all rubbish and other waste generated and not to leave such waste matter on the plot or any part of the site.
- Any illegal dumping of rubbish on the plots/allotment side must be reported to the JPC.
- Tenants failing to comply with these conditions could have their leases terminated and be reported under existing legislation regarding the disposal of waste materials.

19. Bonfires.

- Plot holders may have bonfires to burn diseased plants and material which is difficult to compost but may not burn material that may harm the soil i.e. no paint, bitumen (roofing felt), plastics etc.
- A bonfire must not be allowed to create a nuisance to other tenants or neighbours. Please think about the timing of your bonfire. Having a bonfire on a sunny bank holiday weekend is likely to cause more nuisance than at the end of a dull day in January.
- The bonfire must be managed safely at all times and must be left in a safe condition when the plot holder leaves the site.

20. Chemicals.

- Chemicals must be used only in accordance with the manufacturer's guidelines and must not be allowed to stray onto other allotment plots. Dip tanks may not be used to rinse out containers that have held chemicals.
- When using any sprays or fertilizers, the Tenant must:-

* Take all reasonable care to ensure that adjoining hedges, trees and crops are not adversely affected and must make good or replant as necessary should any damage occur;

* So far as is possible select and use chemicals, whether for spraying, seed dressing or for any other purpose, that will cause the least harm to members of the public, game birds and other wildlife, other than vermin or pests; and o Comply at all times with government regulations.

21. Animals.

Dogs are permitted providing they are held on a leash. The Tenant must not bring any dog or cause one to be brought into the allotment field, unless the dog is held on a leash, to ensure that they do not stray onto or cause any damage to the allotments.

The tenant must also comply with dog fouling by-laws and immediately pick up and dispose of any dog litter.

The tenant shall not keep any livestock on the allotment, except in the case of hens (not cockerels).

The Tenant will be responsible for ensuring that the hens are securely contained in a humane structure and cared for to the entire satisfaction of the Council.

The Tenant will also be held entirely responsible for all costs associated with the control of vermin which may be due to the keeping of the hens.

A separate agreement must be signed accepting the conditions attached to keeping hens. Do not feed animals on/or adjacent to the allotment site.

22. Children.

Children are very welcome on the allotments, providing they do not cause nuisance to other allotment holders. Their welfare and

health and safety are the responsibility of their parents/carers at all times whilst on the site.

23. Bees.

- Bees MAY NOT be kept on an allotment plot.

24. The entrance gate.

- The gate SHOULD BE KEPT LOCKED AT ALL TIMES. You have a responsibility to the other allotment holders to ensure that the gate is locked at all times i.e. after entry/whilst during work on the allotments and on leaving the site, in order that unauthorised access is prevented and give security to other plots holders.

25. Parking

- Any provision by the Council for parking at the site is provided for the sole use of tenants whilst at their allotment.
- All cars using the parking areas do so at their own risk, the Council will not be held responsible for any damage/theft.
- No overnight parking is permitted.

26. Advertisements.

- The allotment site notice board is for Council and tenants use ONLY for allotment purposes.
- Fly Posting will not be tolerated.

27. Nuisance.

- You must not cause, under any circumstance, nuisance or annoyance to any other tenant or to the occupants of premises adjoining the allotment site, either through an action or through inaction, or through rude or bad behaviour, whether through carelessness, ignorance, and persistent or deliberate action.

28. Liability.

- The tenant is responsible for the provision of adequate and appropriate Public Liability insurance in respect of their personal liabilities associated with operating the allotment garden. Appropriate insurance schemes are available.
- The JPC will not accept any liability in respect of any claim whatsoever arising from personal injury to the Tenant or any third party and the Tenant agrees to indemnify the Council in respect of any such claim made against it.

 - If the Tenant becomes bankrupt or compounds with his creditors.
- If your lease terminates for any reason you must remove all property, sheds, greenhouses, within 14 days. After this time you may be charged for their disposal.

30. Notices.

□ Any notice required to be given by the Council to the Tenant may be signed on behalf of the Council by its Clerk and may be served on the Tenant either personally or by leaving it at their last known place of abode, or by registered letter, or letter sent by the recorded delivery service addressed to them at their last known place of abode, or by fixing the same in some conspicuous manner on the Allotment.

□ Any notice required to be given by the tenant to the Council shall be sufficiently given if signed by the tenant and sent in a prepaid post letter to the Clerk to the Council at the Council Offices. These regulations override any previous regulations set by the JPC

2	A	Rental charges for PLOT N26& N27 allotment	£20.00	£0.00	£40.00

Water, there are numerous plots where rainwater is not being collected and saved. We may look to charge additional rent to the plots who do not store their own water to cover the costs of our water rates.

On the North side glass, too many plot holders have been dumping weeds and rubbish in the tree area at the far end of the allotments. This has resulted in huge piles and a lot of soil has been wanted. You can compost all suitable waste and have a small bonfire on your plot to get rid of non-compostable weeds. We reserve the right to revoke tenancies to people who do not adhere to this request.

We have several plots which have been unattended for months at a time. Please let us know if you are going to be away for any significant length of time, ie illness, holidays etc.

A few tenants are leaving the main entrance locks hanging on the gate. This has resulted in thefts of several locks. Please lock the main locks onto the gate or adjoining fencing to prevent this happening in the future.

Our thoughts and condolences go to the families of Rosemary Booker and Dennis Cox, plot holders who have recently passed away. They will both be greatly missed.
