

TICKET ALLOCATION – WASPS

Herewith email received from Mr. Eales on the 21st of December last.

Clerk's Note: Will members please consider these proposals so that they may be made evident to the residents of Henley going forward into 2022.

Hello Ray,

Hope you're well. Thanks for the email and apologies for the delay in getting back to you, I just wanted to double check a few of the details. Our suggestion would be the following:

We can make circa 50 tickets available to Henley residents for every Wasps home game this season as well as next season. I think it would be wise to cap this at a max of 4 tickets per household and also to give as many residents as possible an opportunity to attend - we cap it at 4 games max per household. Of course we can review this depending on demand and uptake.

In terms of 'applying' I'm fairly easy about this and wondered if you had any suggestions? Happy for my email to be shared with residents and for them to email me directly, although there may be an easier way to organise it perhaps.

We're also happy to review and increase the number of tickets if the demand is there.

Let me know your thoughts!

Thanks,

Tom Eales
