The Police and Crime Plan

Vision: Communities across Warwickshire feel safe and supported, with crime investigated effectively, better outcomes achieved and reoffending reduced, leading to increased confidence in the criminal justice system.

To achieve this, my priorities are to:

1. Fight crime and reduce reoffending

Shared outcome:
Co-ordinated action disrupts and deters the most serious and harmful crimes and those which cause most concern to communities, with offenders brought to justice and less likely to reoffend.

2. Deliver visible and effective policing

Shared outcome:
A visible police presence with strong welfare support deals effectively with local issues through innovative use of resources, delivering value for money for the taxpayer.

3. Keep people safe and reduce harm

Shared outcome:
Women and girls are protected from violence, vulnerable people are safeguarded and there is a sustained reduction in the numbers of people killed and seriously injured on our roads.

4. Strengthen communities

Shared outcome:
Communities are empowered to shape how policing and community services are developed and delivered, with strengthened partnership working building public confidence and resilience to crime.

5. Deliver better justice for all

Shared outcome:
Victims and witnesses have a better experience from the point of reporting crime to receiving an outcome, with clear pathways to tailored support services and improved confidence in the process.
