

Andyloos – Portaloos

w/c 19 May to 31 October as previous years

Standard Ease of Access Unit with Hand Sanitiser @ £50.00 + vat per week per unit
(including weekly service)

We charge for 5 days i.e., Monday to Friday not the weekends.

Delivery and Collection @ £48.00 + vat each way – This applies for 2 units, the charge for 1 unit would be £24.00 + vat each way.

2-week minimum hire charge

Site Requirements:

- **Flat, firm ground**
- **Clear access not blocked by walls or equipment.**
- **Toilet Dimensions - 2.4M Height x 1.55M Depth x 1.55M Width**
- **Our service truck must be able to park close, the service pipe is 10 – 15 metres.**
- **Units must be kept secure and locked overnight if deemed necessary.**

We had issues with vandals in previous years which Ray was aware of, and I understand steps were being taken to address those issues. We just need ensure that the toilets are locked overnight and perhaps checked on a regular basis.

Breakdown of Costs:

1. Weekly cost for 2 units:

- Each unit costs £50 per week (excluding weekends), so for 2 units: $£50 \times 2 = £100$ per week.
- VAT (20%) on £100: $£100 \times 0.20 = £20$.
- Weekly total for 2 units (with VAT): $£100 + £20 = £120$.

2. Duration:

- From 19 May to 31 October is **23 weeks**, excluding weekends.

Total cost for units over 23 weeks:

$£120 \times 23 \text{ weeks} = \textbf{£2,760}$.

3. Delivery and Collection:

- Delivery for 2 units: $£48 + 20\% \text{ VAT} = £48 \times 1.20 = £57.60$.
- Collection for 2 units: $£48 + 20\% \text{ VAT} = £48 \times 1.20 = £57.60$.
- Total for delivery and collection (with VAT): $£57.60 + £57.60 = \textbf{£115.20}$.

Grand Total:

- Weekly hire cost for 23 weeks: £2,760.
- Delivery and collection: £115.20.

Total cost for the period: $£2,760 + £115.20 = £2,875.20$.

We have only budgeted £2670 for this based on last year's costs. Perhaps we should have them for a shorter period.
